Lyrics

Oh oh oh
Oh oh oh
Yeah just in the quiet twilight
Our love begun to bloom
He wore a mask of perfection
A role he assumed

Yeah his laughter like a gentle breeze
His touch a sweet refrain
Yeah I dance to the rhythm
Yeah my heart a burden in pain

Oh how swiftly the notes changed
A discordant twist in thee serenity
Yeah the stranger emerged
A tempest un kind
His words like thunder
Tearing through my mind

My Man
My Stranger
A melody untamed
Sings of anger and blame and shame
So much shame

Weaving a web of chaos
A bitter waltz of strife

Yeah once he whispers
A solid painted skys
With his gaze of accusin sympathy a blazed

His eyes once soft
As the moon light breeze
Now burn with rage
The silent audience

Trapped in this cage
I cant escape
Yeah my man

My stranger
My melody un tamed

Singing of anger
Blame and shame
Web of chaos
Cant get away
