Curiosity got me
Love is love love is love
Discovering new ways to love another
Breaking all boundaries
Never knew i would hover
Defining all norms
Could i be making this count
Could this be true love
Oh is this real
Oh oh wow

Oh I I am curious
Oh I so curious
I never knew
That this could linger on
The thought of her wont go away

Love is love yeah love is love love is love
My curiosity got me
Love is love yeah love is love love is love
My curiosity got me

Wanting wanting a woman
Wanting oh oh oh
Wanting
Wanting a woman
My curiosity got me

Thinking of her (2x)
I cant believe this got this love thing unfolding
I hope this is not just a game to you

But if so
Hit play anyway
Cuz thiis is feeling real good real good to
Yeah yeah yeah

Hope you feel the same way is as i feel about you
About you

Oh I i am curiosity
Oh I so curiosity
I never knew that this could linger on
The thought of her wont go away

Love is love yeah love is love love is love
My curiosity got me
Love is love yeah love is love love is love
My curiosity got me

Wanting wanting a woman
Wanting oh oh oh
Wanting
Wanting a woman
My curiosity got me

Thinking of her
Oh my curiousity got me
Wanting a woman
Oh curiosity
Oh got me got me
Feeling real good to
My curiosity
Curious
Oh im so curious
Oh im curious
Yeah got me got me
Wanting
Wanting a woman (2x)
This curiosity got me (2x)
Wanting a woman
