Oh i woke up this morning  
Smelling something in the air  
Its not my perfume  
Alot of despair  
Oh your standing on the edge  
Like its just a game

But i see the flames rising  
Oh what a shame  
Dont mean to scar yah  
Its just a hunch

But everytime i ignore it  
Im lost all my lunch  
So if i were you id take a step back  
Think twice before you act

Cuz this feeling  
Gonna, react

Yeah yeah haha yeah  
Tiktok tik tik tok  
Clock is ticking louder and louder wont stop  
Every choice you make  
Could lead to a fight  
Yeah

Oh your friends are all laughing  
I seen the signs  
When the bright lights go dim  
Ill tell you this  
There gonna pay the fine

Damn straight  
Now let me let me tell you this

Go ahead and walk away if you dare  
Cuz when it comes to my heart that your breaking  
Id say beware  
Yeah cuz i hear the chit chats talking  
Judgy people everywhere

You caused me so much pain baby  
And my instincts are sharp i swear

I got a bad feeling about it ((5X)
